## CALL FOR PARTICIPANTS

### JOIN THE FEMINIST TRANSNATIONAL CARAVAN!

*Are you a passionate advocate for feminism and gender equality? Do you want to be part of a dynamic, European movement that drives change through travelling across Europe, art and street campaigning?*

*The Feminist Transnational Caravan project is looking for young feminists to join our mission to empower communities and raise awareness across Europe!*

#### THE PROJECT

The Feminist Transnational Caravan is an Erasmus+ Project that empowers young people to stand up for gender justice, diversity and solidarity. Youth organizations from Belgium, Finland, Romania, Serbia and Germany will together create a learning community of 30 young activists and youth workers. We will learn from and with each other and work with creative methodologies and forms of activism. The main part of the project is the transnational caravan in September 2026 in which we will travel from Liège via Cologne/Bonn, Berlin, Wrocław, Krakow and Timisoara to Bucharest. In each city, we will get into an exchange on intersectional feminism with local activists and organisations, do street activities and organise a movie screening. The caravan ends with the participation in the Feminist Film Festival in Bucharest.

#### PARTICIPANTS' ROLE

We are inviting you to apply to become a participant in this exciting project. **There are two ways ("tracks") you can get involved:**

1. **Local Activist Track:** Participate in the project activities happening in Germany, including: a four day exchange on intersectional feminism, supporting the stops in Köln/Bonn and Berlin, participation in the development of the online campaign and local events after the caravan. It is also possible to join only for parts of this track.
2. **Caravan Track:** Be part of the whole Caravan! Take on a deeper role by joining the full Transnational Caravan. This requires travelling with the group to all specified dates and locations across the partner countries (see below) as well as participating in the local activities in Germany. No exceptions possible here.
